

Join us on a journey you'll never forget! Welcome on board Hoppet!

Sail on the Hoppet, a beautiful schoonert built in Estonia in 1926. The Hoppet is the only ship of its kind that survived the Second World War. After years in Sweden and Finland, the Hoppet has found its way back home to Estonia where it has been rebuilt in the most gentle way.

During the trip, maritime stories will be told and discussed; the Odyssey, other Myths and Legends, contemporary stories from the Sea, dreams and personal adventures. You don't have to prepare anything, but songs and stories are welcome on board.

The Hoppet is a ketch with two masts, eight sails and over 20 m length. Apart from galley, toilet and shower, there are 20 berths in 10 cabins. Some cabins have a double bed, others have two single beds.
